Inno{Hacks} 2016

Special thanks to

Welcome

What is a **Hackathon**?

- Creative use of technology
- Develop prototypes in a team
- Learning > Competition
- Start from scratch
- Working prototype!

Hack **Germany**

- **Inno{Hacks}** (Karlsruhe)
Technology and Innovation
- **MCP** Hackathon (Berlin)
Personal computing
- **Digital Journalism** Hackathon (Munich)
Journalism

Hackerstolz

Strengthens technological enthusiasm in Germany

- Gründerbar (for Startups and those willing to create one)
- Hackschool (learn to code)
- Hackathons (show your enthusiasm and work in a team)

Until now:

EDU{Hacks}, Refugee{Hacks}, Startup{Hacks}, {Hack}ToTheRoots

What's special about Inno{Hacks}?

- Technology over Business
- Every prize is a first prize
- Three categories

Project Submission

- Upload projects to DevPost
 - Includes a repo in GitHub, Bitbucket, ...
- Include a bit of documentation
 - At least a readme file
- Code will be reviewed
 - But will NOT be rated

All thanks to...

Pitching

- Presentation of 3 minutes + 2 minutes of questions
- Prizes:
 - 500 € in each Category
- Special prizes:
 - 4x \$200 DigitalOcean credit
 - 5x Philips Hue Starter Kit

API Partners

- Philips Hue

- Adjustable, wireless and colored LED lighting

- graph.cool

- Backend-As-A-Service for GraphQL applications

- Transparenzportal Karlsruhe

- Statistical data about demographics, economics and more

User: transparenz

PW: Fidelitas1715

API Partners

Workshops and Live-Coding after lunch!

Special Partners

And now...?

- Find a team
- Think of an idea
- Find a place to code
- Choose a team name
- Get lunch (1 pm)

=> The badge is your best friend
